ABOUT ME

Creative and results-driven Web Developer with 3+ years of experience designing and building responsive, user-centric websites and web apps. Proven expertise in JavaScript frameworks (React.js, Angular), WordPress CMS, and API integrations. Strong design sensibility with Adobe Creative Suite and Figma. Known for delivering clean code, collaborating across teams, and improving user experiences in fast-paced environments.

PROFESSIONAL EXPERIENCE

BEN Holdings PVT LTD

Web Developer

2024 Aug. – Present

Key responsibilities:

- Built and maintained 6+ custom WordPress and PHP websites, improving SEO performance and page usability.
 - Integrated third-party APIs for hotel bookings and CRM sync, saving manual entry time by 50%.
- Delivered a hotel website integrated with SAP & Booking.com, increasing direct bookings by 20%.

Virtusa PVT LTD

Associate Engineer – UI

2022 Jan. – 2024-Jan

Key responsibilities:

- Developed and maintained interactive web applications using React.js and Angular, ensuring optimal performance and user experience.
- Utilized REST APIs to efficiently fetch and manage data within the React applications.
- Collaborated with cross-functional teams to translate Figma designs into reusable components, speeding up dev cycles by 15%.

Projects:

- **E-commerce Recommendation Engine frontend (React.js, REST API)**

Developed a personalized product recommendation engine for an e-commerce website using React.js, Bootstrap for a faster user experience.

- **Internal Productivity Tool (React.js, Tailwind CSS)**

Integrated with the company's existing backend system using a REST API to retrieve and update task data efficiently.

- **E-commerce website for Swarnamahal Jewelry (Shopify)**

maintained the official e-commerce website for Swarnamahal Jewelry using Shopify, ensuring a seamless online shopping experience. Managed product listings, updated pricing and inventory, and optimized site layout for better user engagement. Implemented seasonal promotions

- **Hotel Sapphire Website (WordPress, Exely)**

Designed and developed a website hotel integrating a booking engine to sync with the holding company's internal SAP system and other hotel booking platforms such as booking.com

- **E Commerce website for new Zealand sports equipment seller (WooCommerce)**

Designed and developed a website hotel integrating a booking engine to sync with the holding company's internal SAP system and other hotel booking platforms such as booking.com
